WITH

New features that are of interest to our stockholders as well as to prospective ones. We have decided to place a certain amount of our new stock in Hawaiian territory. The well known standing of the Phoenix in this Territory is evidenced by the fact that the people of this Territory have taken over a million six hundred thousand dollars of our Class A stock.

The new stock is a plain, simple contract, absolutely guaranteed in every particular, and has twelve options besides a guaranteed cash value from one to twenty years. These options act automatically after one year in case you are not able to pay. The payments are \$80 annually, or \$40.50 semi-annually, or \$20.50 quarterly, or \$7.00 monthly in advance; maintained for one year the Certificate cannot be forfeited, and certain paid-up loan and cash surrender values are "written in the bond," and guaranteed at stated periods.

The contract runs for ten years, and at the end of every year the Association guarantees certain options as aforesaid. At the end of the ten year period there are certain cash settlements, cash extension values and cash annuities.

The estimated options will be fulfilled if past earnings are a criterion, under the full participation clause in the contract as follows:

Cash at maturity at end of 10 years	\$1393.10
Cash settlement 5 years after maturity	1964.96
Annual annuity for 5 years after maturity	2771.79
Annual annuity for 10 years after maturity	312.19
Annual annuity for 10 years after maturity	171.38

All this, be it remembered, upon an investment of \$650 paid down, or \$800 in eight annual payments, or \$7 per month for 120 months.

On a thousand dollar Certificate, all payments have been made, a cash settlement of not less than \$1,000 is guaranteed by the Association's permanent capital and reserve. A settlement of \$1,246.20 is guaranteed five years after maturity. A cash annuity of \$224.60 for five consecutive years from date is offered, or a cash annuity of \$123.30 for ten consecutive years can be had.

The elements of additional profit are as follows: First, people who pay a few months for it is impossible for us to induce them to keep it up, all the profits go to the other stockholders. Third, money obtained by Class C stock in large lots from bankers and financiers at a lower rate of interest than which we reloan it the profit goes to the stockholders remaining to maturity. Fourth, the expenses are practically all paid by the withdrawing members. All there is to do is simply this: pay your dues for one year or ten years and you will reap a fixed and guaranteed profit. Beyond this you will get the unfringed profits.

In case of the death of a shareholder before one year the heirs will receive the full amount paid in on said Certificate upon demand.

The "Phoenix" is under the control of the State Building and Loan Commission; has a paid-up Reserve Fund and a Surplus Reserve exceeding \$100,000 contributed by its officers and directors (which guarantees all of its contracts), and is growing at the rate of over 6000 shares a month.

All its mortgages are non-negotiable and are held in trust by the Mercantile Trust Company, for the protection of shareholders.

Aren't you satisfied with the above good showing and definite proposition to have the men whose names appear below looking after your money to see that it makes all the profit possible?

Directors—A. A. Watkins, vice president W. W. Montague & Co., and president Board of Trade, S. F.; Chas. R. Bishop (late of Honolulu), vice president Bank of California, S. F., and director Savings and Loan Society, S. F., and Calif. Title Insurance and Trust Co., S. F.; S. Prout Smith, late asst. cashier Bank of California, S. F.; George C. Boardman, general agent Aetna Insurance Co., S. F.; director San Francisco Savings Union; Charles E. Ladd of Ladd & Tilton, bankers, Portland, Ore.; Gavin McNab, attorney at law; Clarence Grange, late Building and Loan Commissioner, State of Montana.

Secretary Chamberlain Off to South Africa

London, Nov. 25.—Colonial Secretary Chamberlain and Mrs. Chamberlain started for South Africa today amid cordial farewells from a large circle of friends. The police cordoned the railroad station and permitted only ticket holders to enter the building. Premier Balfour, War Secretary Brodrick, Lord Selbourne, First Lord of the Admiralty, Lord Roberts and Lady Roberts, Lord Strachan, the Canadian High Commissioner, Secretary Henry White, of the United States Embassy, and many other notable persons were among those who joined in wishing the Colonial Secretary and his wife a good voyage. The couple traveled in the royal train to Portsmouth, where they boarded the armored cruiser Good Hope and entertained on that sailing. The storehouses of the warship have been well equipped and a French chef has been shipped. Many live sheep and chickens are carried on board the Good Hope, and the special delicacies intended for the Chamberlains' table are alone valued at \$2500. The two storehouses contain 300 cases of wine.

MITCHELL IN WASHINGTON.

Washington, Nov. 25.—President John Mitchell, of the United Mine Workers of America, arrived here this morning. Mr. Mitchell admitted that he came for the purpose of holding a conference with Wayne McVeigh in furtherance of the suggestion of the Anthracite Coal Strike Commission that the parties to the controversy get together if possible and adjust their differences among themselves. Clarence S. Darrow of Chicago, principal counsel for the mine workers, also has arrived here and will participate in the conference. Mr. Mitchell said he did not expect to call on President Roosevelt.

PORTO RICO PROGRESS

Washington, Nov. 25.—The annual report of W. H. Elliott, commissioner of the Interior for Porto Rico, announces substantial progress along all governmental lines in the island. Much attention is being paid to road building and bridge construction, in order to assure to labor the means of reaching the markets with the products of the soil. The Porto Ricans are being instructed what to plant and how to cultivate most economically and profitably. Sanitary rules and regulations have been introduced and the people encouraged in habits of cleanliness and correct living, and also assisted in matters affecting trade and commerce at home and abroad. Concerning public lands, the report says the various departments of the Federal government will be asked to make known their wishes concerning properties at present occupied by or needed for their accommodation. The bulk of the property involved comprises lands of little present value, but which may, if the island continues to develop and prosper, as conditions now prevailing warrant the hope, become saleable. They need to be located and their boundaries determined. It is hoped that all questions be settled and presidential action secured in time for the legislative assembly of Porto Rico to provide for the disposition of the island property at the session to be held during January and February, 1903.

REDUCE ARMY EXPENSE.

Washington, Nov. 23.—Secretary Root has just completed his estimates for the next fiscal year, and he has succeeded in effecting a marked reduction in the amount of money required for the support of the Army and War Department. Excluding river and harbor appropriations, over which the department has little control, as they are directed largely by Congress, the Secretary said that the estimates for each of the last five fiscal years shows an annual average increase from the estimates of the previous year of about \$4,500,000. The estimates for the next year show a net decrease of \$31,420,400, compared with the estimates submitted for the current fiscal year, and the decrease as compared with the current appropriations is \$20,947,960.
